

**2017 Renfrew County Soil & Crop Improvement Association Winter Wheat Plot**

Co-operator: Barclay Dick & Son Farm Supply,

**Note: Each treatment is 1 pass of the drill the length of the field, minus the headlands. If survivability is good, will divide the field in half for combining so have everything replicated a second time.**

Treatment #	TYPE	Variety	Harvest date	Gross			Plot Length (ft) (25 ft wide)	Plot area acres	Wet Yield/acre (tonnes)	Dry yield/acre (tonnes)	Dry yield/acre (bushels) at 60 lbs/bu	Ranking
				Yield (lbs)	Harvest Moisture	Harvest Bu wt
