

## **Posting: Production Associate (full-time)**

C&M Seeds is currently seeking an individual for the position of Production Associate at its Palmerston, Ontario location. Quality control, attention to detail, good communication skills are all mandatory requirements for this position.

We offer a competitive wage, clothing and workboot allowance and profit sharing program.

### Key activities/ responsibilities:

- Packaging seed into totes and bags ensuring quality of final product is maintained and presented in a professional manner
- Forklift operation moving product from packaging area to warehouse storage

### Qualifications include:

- Be a team player with a strong work ethic, adaptable to change and willing to work extra hours during peak fall and spring seasons
- Experience in agriculture would be an asset
- Able to work independently and effectively with minimal supervision
- Able to obtain Forklift Operators license
- Must have reliable transportation to and from work

### Working Conditions:

- 40 hour work weeks with extended hours during peak seasons
- Dusty conditions involved in some processes. PPE provided

C & M Seeds is a family-run seed business with 40 years experience in providing leading cereal genetics to growers in eastern Canada.

Only those applications selected for an interview will be contacted.
